

Five Good Reasons to Adopt MediaGun

1. Simplicity

A model of user-friendliness, MediaGun can be mastered in no time even by the staunchest technophobe. So integrating assets into a seamless presentation is done in a few clicks. **Your advantage: Focussing on the essential - the content.**

2. Flexibility

Updating a sequence in MediaGun is so easy that you can tailor-make your message up to the last minute, whatever the context.

Your advantage: Distinguishing yourself from the competition by a pertinent communication in all circumstances.

3. Efficiency

In MediaGun, every little detail is geared to giving the user maximum efficiency. Its practical approach and streamlined user interface delivers every time.

Your advantage: Impactful communication without pain.

4. Economy

MediaGun enables you to integrate your multimedia assets yourself, instantly, without any file format conversion.

Your advantage: you save the time and money you would have spent on hiring a specialist.

5. Peace of Mind

If there is a problem, for example a missing file, MediaGun informs you before showtime.

Your advantage: you know that your message will be delivered in its integrity, everytime.
